## Third Largest Farm Harvest In U. S. History Being Made, Ag Chiefs Say

### Fall Planting Troubles Seen

Dry Weather Retards Preparation Of Fields

WASHINGTON (AP)—The Agriculture Department says farmers are harvesting the third largest volume of crops in history, but are running into trouble on crops sown this fall for harvest next year.

In an October crop report yesterday, the agency said favorable weather in September helped develop crops and bear out its earlier forecast that the crop volume would be topped only by harvests in 1948 and 1952.

The report came on the heels of an agency order tightening eligibility rules to farmers hoping to get a \$2.20-a-bushel price support on next year's wheat harvest.

The condition is this: Growers must comply not only with the government control program for wheat next year, but also with similar programs in effect for any other basic crops which they may grow on their farms.

Besides wheat, the basic crops are cotton, corn, rice, tobacco and peanuts.

THIS MEANS that a farmer who grows both wheat and corn must plant within his assigned allotments for each of these crops in order to be eligible for price supports on either.

The new condition has been added since growers voted in August to approve rigid government marketing quotas on the 1954 wheat crop to keep surpluses from getting larger.

A 15,596,000-bale cotton crop estimate led Secretary of Agriculture Benson to order a cotton growers' vote Dec. 15 on rigid marketing quotas. At least two-thirds of those voting must approve.

To carry out the quotas, which would require cotton farmers to cut next year's crop more than

### Panel Urged: Quit Talking, Do Something!

WASHINGTON (AP)—A woman delegate from Turkey shunned diplomatic language today to tell a free world peace conference: Quit talking so much about peace and do something about it.

Mrs. Nazli Tabar, in a statement prepared for the 42nd conference of the Interparliamentary Union, urged her fellow delegates to translate their good will into "flame and fire."

Only by carrying their beliefs into practical effect and by interpreting the feeling of the common people, she said, "can we ever hope to break the barriers that separate one country from the other."

Mrs. Tabar's simply worded speech was in contrast to the more formal debate which featured the opening days of the conference. She said she had cast aside her formal remarks to "speak from the heart."

"Please agree on something and strive to translate it into action in our countries," she demanded.

The conference of representatives from the parliaments and legislative bodies of some 32 free world nations is meeting in the United States for the first time in 25 years. About 350 delegates are attending sessions, to last through next Wednesday, in the House of Representatives chamber.

The international peace organization was welcomed yesterday by President Eisenhower, who told the delegates the future of civilization must be decided at the conference table and not in battle.

### Humane Group Due For Denver Move

DENVER (AP)—Kerns Wright of Van Wert, Ohio, announced yesterday headquarters of the American Humane Assn. will be moved from Albany, N. Y., to Denver soon.

Wright is chairman of the association's board of directors. He said the move awaits gaining title to a building to be used as an office.

### French Farmers Protesting 30 Pct. Decline In Prices

PARIS (AP)—Premier Joseph Laniel's right-center government, fresh from victory over leftwing opponents of its economic program, worked feverishly today to quiet angry protests against falling farm prices.

More than 300,000 farmers in the southwest third of the nation have announced they will barricade highways Monday to call attention to their demands for legislation to prop livestock prices. They also want some marketing reforms to reduce the number of middlemen.

The farm protests posed the threat of serious parliamentary

### Ike Scheduled For Address In Defiance

WASHINGTON (AP)—President Eisenhower will keep a delayed appointment at Defiance (Ohio) College next week.

Tuesday afternoon the President and Mrs. Eisenhower, with a family party, will drive to Hershey, Pa., for a fund-raising box supper arranged by the Pennsylvania party. Sales of more than 6,000 tickets at \$100 each were reported.

The President will fly back to Washington, where he will spend his birthday Wednesday. But he leaves that night by train for Defiance.

Eisenhower will arrive in Defiance Thursday to attend the laying of the cornerstone of the new Anthony Wayne Library of American Studies.

The visit had been planned for September, but the President then was flying back from Colorado and it was considered dangerous to try to land at Defiance.

The college's president, Kevin McCann, is a friend and biographer of Eisenhower.

From Defiance, Eisenhower will go to Toledo and there board a plane to continue his trip through the South and Southwest.

### Kidnaping Details Said Still Lacking

FBI, Police Seek To Clear Up Missing Parts Of Slaying Story

KANSAS CITY (AP)—Methodical investigation of all facets of the Greenlease kidnap-slaying was pushed today by authorities seeking to clear up discrepancies in stories told by the boy's admitted abductors.

Carl Austin Hall, 34, who planned the kidnaping, and Bonnie Brown Heady, 41-year-old divorcee who took Bobby Greenlease, 6, from his private school, were to be brought here from St. Louis where they were arrested Wednesday.

FBI agents said last night they

### Father Of 7 Is Killed In 2-Car Crash

A 32-year-old McArthur Route 1 man was injured fatally late Friday in a two-car crash just north of Ashville.

He was Glen Tatman, father of seven children, the youngest two weeks old, who had been in the Columbus area Friday looking for work.

State Patrolman Ralph Broyles said the crash happened at 7 p. m. Friday at the intersection of Ashville and Duvall Roads.

The patrolman said Tatman was driving east on the Duvall Road. His auto was in collision with an auto operated north on the Ashville Road by Howard J. Rodgers, 38, of Ashville.

IMPETUS of the crash caused both cars to crash into a cement post at the northeast corner of the intersection.

Tatman was rushed into Mercy hospital, Columbus. He died at 10:35 p. m. of 13 fractured ribs, a ruptured spleen and a punctured lung.

Rodgers suffered only a small laceration in the crash. His children, Pamela Sue, 5, and John W., 2, both suffered abrasions and lacerations over their bodies.

### Guiana Quiet As British Remain Firm

GEORGETOWN (AP)—With British troops and warships maintaining order at strategic points, British Guiana remained calm today despite London's ouster of six ministers on Communist charges and suspension of the colonies six-month-old constitution.

Washington backed up Britain, expressing grave concern over the threat to Western Hemisphere security from a possible coup in this South American colony by the "international Communist conspiracy."

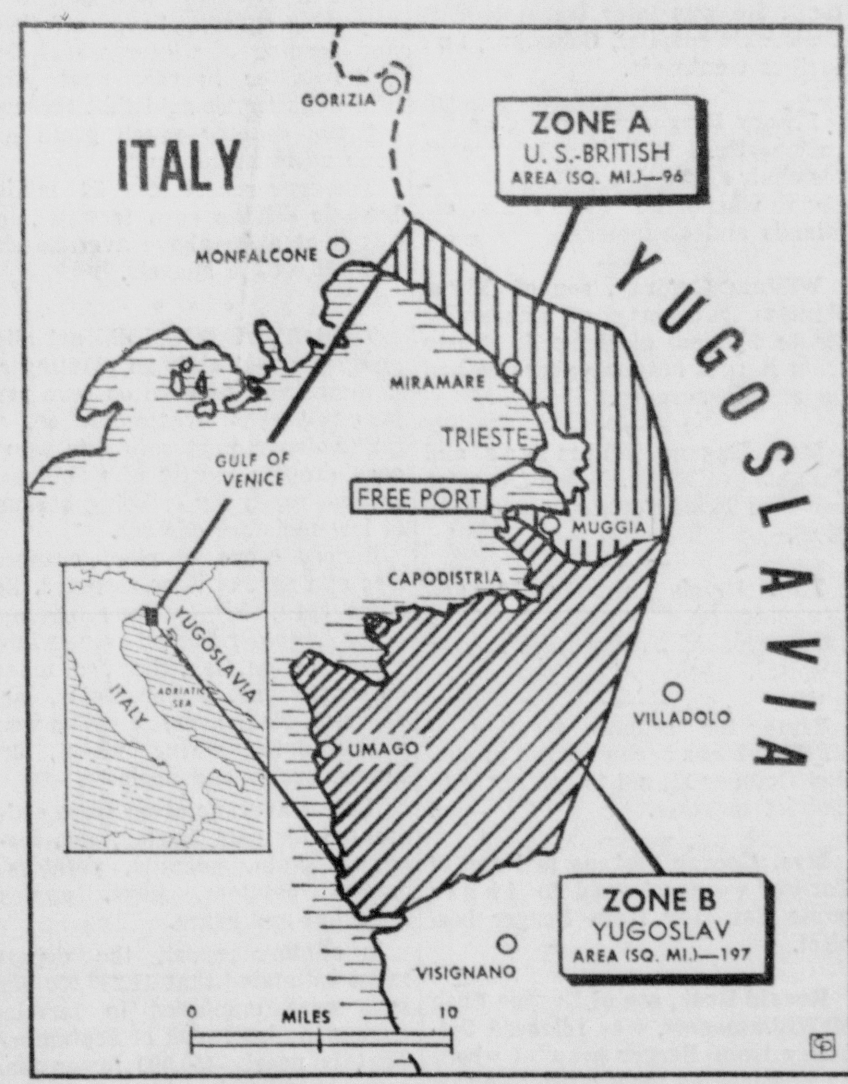

The U. S. State Department expressed gratification that the "British government is taking firm action to meet the situation."

Steps were taken to officially inform all Latin American governments of the U. S. stand.

Five hundred troops of the Royal Welsh Fusiliers guarding government centers in Georgetown and rich sugar plantations on the surrounding plains reported no disturbances.

Despite a state of emergency declared by British Gov. Sir Alfred Savage, life among the 450,000 residents of diverse races appeared to be following the normal course except on the political front.

Britain cracked down on the colony's government yesterday, charging that Prime Minister Cheddi Jagan and his five ousted associates were serving Moscow instead of Britain.

THIS IS THE TRIESTE area disputed by Italy and Yugoslavia. The Belgrade government is protesting announcement of the U. S. and Britain that the 5,000 American and 2,000 British troops would be withdrawn from Zone A and the zone turned over to Italy. Yugoslavia has possession of Zone B, a World War II arrangement.

### Police Identify Gun Wielded By Killer On Pennsy Turnpike

HARRISBURG, Pa. (AP)—Pennsylvania State Police today positively identified a foreign-made pistol as the gun used in the murder of two truckers on the Pennsylvania Turnpike and the wounding of another driver.

Col. C. M. Wilhelm, state police commissioner, announced that today as law officers continued the hunt for a 26-year-old "highly dangerous" man sought in connection with the killings.

Lieut. Louis Whitecotton, state police ballistics expert, ran the gun through a series of intensive tests to link the gun with the slugs used in the shootings, said Wilhelm.

"We found it to be the same

### DUV Supports City Expansion

Enthusiastic support for the city's move to annex a large area north of the corporation has been expressed by the local branch of the Daughters of Union Veterans, Catherine Wolfey Hedges Tent No. 101.

Chairman Bob Adkins of the city planning and zoning commission announced receipt of a letter in which the organization urged all possible efforts to bring about "the expansion and advancement needed for us to become a city to be recognized." It was one of the latest expressions of support as the city's community groups lined up in favor of the campaign to extend the corporate limits.

The city's annexation proposal, already carrying the signatures of nearly 80 per cent of the affected property owners, is now before Pickaway County commissioners. Approval of the annexation move is expected to touch off a large-scale home building program to ease the city's housing pinch.

In its letter applauding the annexation effort, the local unit of the Daughters of Union Veterans said: "We are very proud of our schools, our hospital and our industry. But let us not stop here. Let us expand, so as to bring into the community other industries and enlarge our schools. Our city as a whole will benefit."

### Ohio Pen Inmate Gets New Penalty

COLUMBUS (AP)—A long-term prisoner in Ohio Penitentiary was acquitted yesterday of maliciously destroying property during the Halloween riot in the prison, but was found guilty of rioting.

William St. Cyr, 27, Hartford, Conn., serving 10-25 years for armed robbery, was sentenced to pay a \$500 fine and to serve 30 days in the workhouse.

St. Cyr asked Judge Myron B. Gessaman when he would be required to pay the fine and the judge said after he got out of prison. St. Cyr commented: "There was a reason I wanted to know. I ain't got it."

WASHINGTON (AP)—The number of Ohio television stations has more than doubled since the freeze on new applications was lifted in the spring of 1952.

### Tito Angered By New Move Aiding Italy

Trieste Zone Dispute Flares Anew As U.S., British Set Withdrawal

BELGRADE (AP)—Marshal Tito sent his toughly-trained troops marching up to the Italian frontier today and served blunt notice that Yugoslavia would consider entry of Italian forces into Zone A of the Free Territory of Trieste "an act of aggression."

In a fiery speech at the southern Serbian textile city of Leskovac, Tito told a huge throng that "we have decided to protect our rights in the spirit of the United Nations, which also includes the right to use armed force."

"The peoples of Yugoslavia in their demonstrations asked that our army be sent to Zone B and I may declare that units of the Yugoslav army have already entered into Zone B."

Tito spoke just two days after Britain and the United States announced their decision to withdraw their occupation troops from Zone A and turn its administration over to Italy. The decision touched off a wave of angry protest demonstrations in Yugoslavia that continued today.

TITO WARNED bluntly that Yugoslavia could not accept the "unilateral act by the governments of the United States and Britain" as an accomplished fact.

Under the Italian peace treaty of 1947, the Free Territory of Trieste was split into two zones. Zone A, including the strategic port city of Trieste, was placed under Anglo-American control. Zone B, largely vineyards and farmlands, was turned over to Yugoslav occupation.

Tito proposed today a new "solution" for the dynamite-laden Trieste problem which has disrupted relations between this country and Italy for the last seven years:

"First of all, to leave this question for some time. Further, to create two autonomous units, namely the Zone B with the whole hinterland of Trieste, which is predominantly inhabited by the

### Florida Hit By Floods As Storm Passes

MIAMI, Fla. (AP)—The eighth tropical storm of the season whirled northeastward over the Atlantic today after slashing across the Florida peninsula with mile-a-minute winds and heavy rains which added to the flood danger in some areas.

The storm formed in the Gulf of Mexico and swept over the state on a path about 10 miles wide and 150 miles long from Punta Gorda on the west coast to Vero Beach on the Atlantic side.

Much of the state already was waterlogged and rain from the tropical disturbance brought a threat of critical floods.

In Orlando, Sen. George Smathers (D-Fla.) wired President Eisenhower that Florida was "suffering from what many say is the worst flood condition in 50 years."

Sixteen major highways were closed to traffic because they were under water or washed out.

All storm warnings were lowered around the Florida peninsula, but small craft were told to remain in port along the northeast Florida, Georgia and Carolina coasts until the winds and rough seas subside.

The 316-foot British freighter S. S. Berylstone was temporarily disabled in rough seas on the fringe of the storm about 35 miles southeast of Mayport, Fla.

The cutter Sweetgum was en route to the scene.

### Ohioan Admits Role In Kidnap Case

PITTSBURGH (AP)—Benjamin B. Williams of Lisbon, Ohio, and Francis L. McDole of Smiths Ferry, Pa., pleaded guilty yesterday to kidnapping a young Ohio couple Aug. 16.

They were indicted by a federal grand jury Thursday for abducting Henry Cornman, 23, and Miss Mary Joe Buchanan, 20, both of East Liverpool, and forcing them on an auto ride to Pennsylvania. The pair also faces Pennsylvania charges of rape and armed robbery. They are accused of attacking Miss Buchanan during the ride and robbing Cornman of his wallet.

# Oil Industry Worries Over Its Troubles

Price Cuts, Production Surplus Keep Chiefs Of Business On Edge

By SAM DAWSON  
NEW YORK (AP)—The oil industry is all set to celebrate oil progress week come Sunday. Put right now it's worry week.

Price-cutting, over-production, foreign oil imports, refining cut-backs, and prodding by the government for development of still more oil reserves and production capacity—all plague the oilmen today.

For the long term, the future looks bright enough. Demand for oil products grows steadily. American oilmen have made noteworthy progress during the year, finding more oil, pushing production to new highs, and selling more than ever before. And they have plans for new refineries and processes that will give car owners better gasoline.

But what the oil industry needs most today is more customers. World supplies of oil are piling up. Production has out-run demand for the time-being. Middle East oil production has been pushing to new records. Canadian oil output jumped 30 per cent last year.

And into this world glut, Iran is poking a delicate problem. American companies are likely to be asked to cut back their own production some more so that Iran can be eased back into the market—and out of the way of Russian hands.

At home American producers face the unpleasant, if temporary, task of cutting production until demand—which grows each year—catches up with capacity. Price-cutting of gasoline prices here and there makes the readjustment period more bitter for the oilmen.

Recent hikes in the prices of crude oil and refined products look shaky to some oilmen. But others say that crude prices must go still higher if the industry is to find the money needed to finance increased drilling in search for more reserves which the defense program demands.

Oilmen may worry this week. But for the future they're as full of plans as ever.

In 30 years the industry has spent five billion dollars on refineries for the purpose of raising the octane rating of gasoline. The American Petroleum Institute says the industry spends 100 million dollars a year for scientific research and the technology it perfects is the real conservator of oil for this nation.

## What Happened? No Earthquake?

HARTFORD, Conn. (AP)—Trinity College officials said a new freshman dormitory wasn't ready for the start of the new school year because:

The excavation crew unexpectedly ran into a big boulder. Heavy rains held up the work. Mason's helpers went on a five-week strike.

A 14-car freight train carrying furniture for the dormitory was derailed. Window washers went on strike.

# Fall Planting Troubles Seen

(Continued from Page One)  
a third below this year's, Benson announced a 1954 planting allotment of 17,910,448 acres. This year farmers planted 24 million acres to cotton.

Wheat growers already have approved quotas on their 1954 crop. Most types of tobacco will be grown under controls and farmers will vote Dec. 15 on quotas for next year's peanut crop.

But dry weather was said to be retarding preparations of fields and seeding of winter wheat, rye and oats for harvest next year. The department said that throughout the country much grain has been sown in the dust.

The new report cut 20 million bushels off the corn forecast, but left it at a far-above average size of 3,196,000,000 bushels.

THIS REDUCTION did not alter prospects that acreage planting allotments will be used on corn next year to prevent overproduction.

The department said this year's corn crop is mostly of good quality and ready for cribbing because of low moisture content.

Record crops of rice, cranberries and pecans were reported. Besides corn, larger than average crops were reported for winter wheat, cotton, hay, flaxseed, tobacco, sugarcane, sugar beets, and cherries. Near average yields were indicated for spring wheat, dry beans, barley and apricots.

Below average crops were estimated for oats, barley, rye, sorghum grain, peanuts, potatoes, sweet potatoes, hops, apples, peaches and pears.

In another report, the department estimated that 11,299,000 persons were employed in farming during the last week of September. That is nearly 450,000 fewer than a year earlier, it said, and the lowest number for this time of year in nearly 30 years of record.

Farm wage rates were reported to be three per cent higher than in midsummer and about one per cent higher than a year ago.

## Hitch-Hiker Fined \$10 In Camera Theft

A hitch-hiker who tried to steal a camera and a motorist accused of reckless driving were fined Friday in the court of Magistrate Oscar Root.

Clyde E. Morton, 20, of Radcliff, was fined \$10 and costs after Mrs. Clara Frohnhoefer reported he had tried to steal a small camera from the Frohnhoefer car. Mrs. Frohnhoefer and her husband were riding on Route 104 west of Circleville when they stopped to give Morton a ride.

When he later got out of the car near Greenlawn cemetery, it was testified, Morton had the camera in his own suitcase and tried to get away with it. However, its disappearance was noticed immediately and Morton was held until Deputy Sheriff Carl White arrived to make the arrest.

The Frohnhoeferes, who live in the vicinity of Darby Creek, asked leniency for Morton at the hearing. As a result of this, Magistrate Root said he "let him down easy."

WILLIAM Follrod, 25, of Mt. Sterling Route 2, was fined \$25 and costs for reckless operation of a motor vehicle in a case resulting from an accident.

After being involved in a disturbance in the New Holland area, Follrod was arrested by Sheriff Charles H. Radcliff.

## U.S. Troops Alert To Protect Indians From South Koreans

PANMUNJOM (AP)—American "alert troops" with tanks and flamethrowers took up positions pointing south today in an ominous warning against South Korean threats to attack Indian soldiers guarding war prisoners in the neutral zone.

The show of strength followed an Indian appeal for American aid in curbing any South Korean drive toward the compounds housing 22,600 anti-Communist North Korean and Chinese POWs.

The U. S. State Department has assured India it would take precautions to head off possible South Korean interference.

The State Department also disclosed that it had, prior to the Indian appeal, warned South Korea that the U. N. Command would forcibly resist any attempt to free the POWs or attack Indian troops.

South Korea, which considers India pro-Communist, has repeatedly threatened to drive the Indians from Korea.

## Heeter Denies He Has Decided 'One Way Or Other' On Bypass

Jack Heeter, Republican candidate for City Council from the Fourth Ward, Saturday declared he has never taken a final stand "one way or the other" on the proposal to re-locate Route 23 around the western edge of Circleville.

He emphasized that, if elected to office at the Nov. 3 balloting, he would be guided on the bypass issue "by what the people in my ward want, and not what I may or may not want personally." Heeter is a candidate for the post now held by Democratic Councilman Boyd Horn.

Heeter pointed out he has "good friends for the bypass and good friends against it." He said he personally has views on the matter, but that any action he would be called upon to take would be guided by the views of his constituents—and not necessarily his own.

Democratic sources have been circulating a report that Heeter is a die-hard opponent of the highway change. His carry-out store is located on S. Court St.

COMMENTING on the possibility that Horn's weakened physical condition could handicap the Councilman's work toward re-election, Heeter said:

"I want to make it clear that I don't want the job handed to me. If it should turn out that Boyd wants to pull out of the race because of his health, then I'd also want to withdraw. If I become councilman from the Fourth Ward, I want to do it with competition. I want to work for the honor of representing the people in my section of the city."

Horn has been recovering from a heart attack and pleurisy complications. His supporters have made it clear he has no intention of withdrawing from the campaign, despite his illness. Although Horn has yet to resume attendance at Council meetings, his physical condition now is described as "good."

Heeter also went on record in favor of greater respect for the Sabbath. He declared: "Although I have a place of business that depends upon people who drink beer, I am strongly in favor of closing all such establishments all day Sunday—there should be no sale of 3.2 beer on the Sabbath anywhere. It should be made a state law."

The Republican candidate said he is also opposed to the sale of 3.2 beer to teen-agers. "Nobody under 21 should be permitted to buy 3.2 beer," he said. "It's another rule that should have been put into effect statewide a long time ago."

HEETER, AT THE same time, warned it may be in the public's

interests to take "another look" at the efforts to crack down on Saturday night dances which continue on into early Sunday.

Heeter said it may be wise to permit "places to continue their entertainments for an hour or two past midnight Saturday—up to whatever hour their permit calls for." Otherwise, he said, patrons who are not ready at midnight to return home are inclined to "head for the nearest highway and drive to the next place they find open."

Heeter pointed out this contributes to highway accidents in the Saturday night traffic jam, and also cuts entertainment short on the full use of their permits. Patrons who are permitted to stay at one entertainment "up until 1:30 or maybe 2:30 a. m., whatever the permit says," likely will be ready to go home when that time comes around, Heeter said.

WASHINGTON (AP)—Leaders in the nation's business and social circles were among the major financial "angels" of the Republican and Democratic parties in 1952 and 1953.

The Rockefelleres, the Mellons, the Pews and the duPonts contributed handsomely to the Republican National Committee, while the cof-fers of the Democratic National Committee got hefty boosts from the Dukes, the Vredenburgs, the Fields and the Sonnabens.

The Rockefelleres, for example, gave \$17,000 to the GOP National Committee in 1952. Contributions of \$3,000 each were made by Laurence Rockefeller, David Rockefeller, Winthrop Rockefeller and John D. Rockefeller III, all of New York, while John D. Rockefeller Jr. and Mrs. John D. Rockefeller Jr. gave \$2,500 each.

The duPonts of Delaware made four separate donations totaling \$4,500 to the Republican cause.

The Mellons of Pittsburgh went over the \$8,000 mark with four donations to the GOP.

The Pews of Philadelphia tossed \$12,000 into the GOP treasury and the Lilly family of Indianapolis contributed \$8,000 to the GOP.

Two contributions totaling \$5,000 were made to the Democratic National Committee by Angier Biddle Duke of New York.

From the Sonnabens of New York the Democrats received \$15,000 in separate donations.

Separate contributions of \$2,500 each were made in the name of Dorothy Vredenburg and Mrs. Dorothy Vredenburg, while a \$5,000 donation was attributed to Peter Vredenburg III. The Vredenburgs are from Birmingham.

Mrs. Perle S. Mesta, who was minister to Luxembourg under the Democrats, gave that party \$2,000. Marshall Field and Mrs. Marshall Field of New York and Chicago aided the Democratic cause by \$3,000 each.

Other substantial donations to the two parties included: Republicans: Robert F. Galvin and John E. Galvin, Lima, Ohio, \$3,000 each. Democrats: Edward Lamb, Toledo, \$2,500, and Mrs. Edward Lamb, \$1,000.

The Pews of Philadelphia tossed \$12,000 into the GOP treasury and the Lilly family of Indianapolis contributed \$8,000 to the GOP.

Previously, Tito had called for internationalization of Trieste itself with Yugoslavia acquiring the surrounding area in the free territory. Italy has demanded a plebiscite in the entire territory.

Of his new suggestion, Tito said: "THIS IS A proposal worthy to be seriously considered. I have no other and do not wish to give any other proposal."

Then he warned: "Should the Western Allies gloss over this proposal as they have done so far, then there will be no peace in this part of Europe."

This would mean, he added, the Western Allies do not wish to "honor" the interests of the peoples of Yugoslavia but work toward the satisfaction of Italian imperialistic appetites.

## GOPster Irked By Governor

Herbert To Ask Court To Force Appointment

COLUMBUS (AP)—A prominent Republican, irked by Gov. Frank J. Lausche's delay in appointing a successor to the late Sen. Robert A. Taft, is expected to ask the state Supreme Court to set a deadline for Lausche to make the appointment.

Paul M. Herbert, Columbus attorney and former Republican lieutenant governor, asked the court to order Lausche to make the appointment "forthwith."

Lausche said he would make the appointment without regard to Herbert's suit "in reasonable time before the next session of Congress." Congress is expected to convene next January, Lausche added.

"Mr. Paul Herbert of course has the legal right to file the suit. I regret that he did not see fit to talk with me before the action was instituted."

"I wonder if Mr. Herbert has given consideration to the recent statement by Sen. John W. Bricker (Ohio Republican) that inasmuch as Congress was not in session there was no pressing need for an immediate appointment."

TAFT, OHIO's senior senator and Republican majority leader, died July 31. Herbert claims Ohio law requires the governor to appoint a successor immediately. He said Lausche's delay denied the new senator "the opportunity to familiarize himself with the profound and important duties of a United States senator in these difficult and critical times."

Herbert accused Lausche of delaying "solely for political advantage by reason of widespread publicity."

## Big Names Listed As 'Angels' To Major Political Parties

WASHINGTON (AP)—Leaders in the nation's business and social circles were among the major financial "angels" of the Republican and Democratic parties in 1952 and 1953.

The Rockefelleres, the Mellons, the Pews and the duPonts contributed handsomely to the Republican National Committee, while the cof-fers of the Democratic National Committee got hefty boosts from the Dukes, the Vredenburgs, the Fields and the Sonnabens.

The Rockefelleres, for example, gave \$17,000 to the GOP National Committee in 1952. Contributions of \$3,000 each were made by Laurence Rockefeller, David Rockefeller, Winthrop Rockefeller and John D. Rockefeller III, all of New York, while John D. Rockefeller Jr. and Mrs. John D. Rockefeller Jr. gave \$2,500 each.

The duPonts of Delaware made four separate donations totaling \$4,500 to the Republican cause.

The Mellons of Pittsburgh went over the \$8,000 mark with four donations to the GOP.

The Pews of Philadelphia tossed \$12,000 into the GOP treasury and the Lilly family of Indianapolis contributed \$8,000 to the GOP.

Two contributions totaling \$5,000 were made to the Democratic National Committee by Angier Biddle Duke of New York.

From the Sonnabens of New York the Democrats received \$15,000 in separate donations.

HAVING ESCAPED, temporarily at least, being sentenced to the gas chamber, pent-up emotion breaks out in a shaky smile on face of Barbara Graham (right) as she rises to leave Los Angeles courtroom where Jack Santo (left) and Emmett Perkins (beside him) got death in murder of Mrs. Mabel Monahan. Barbara won postponement because she hired a new attorney. (International)

## 13 Motorists Are Fined \$325 And Costs Before City Court

Thirteen motorists were fined a total of \$325 and costs Friday and Saturday before the court of Mayor Ed Amey for traffic violations.

William Jackson of Weldon Ave. was fined \$50 and costs for reckless operation and another \$50 and costs for resisting arrest. He was arrested by Herbert Weaver, Circleville's newest policeman.

Richard Hartinger of Circleville Route 4 was fined \$15 and costs for speeding at 65 on Route 22. He was arrested by State Patrolman Bob Greene.

Ira McDonald of Amanda was a car and she for driving without a license stop sign at Routes 138 and 22. He was arrested by Patrolman Greene.

FREDERICK Thompson of Dunbar, W. Va., was fined \$15 and costs for speeding at 70 on Route 104. He was arrested by Greene.

Charles Worsham of Texas was fined \$25 and costs for driving without a license on S. Court St. He was arrested by Officer Rod List.

## New Series Set In Aid Classes

Bernard Tait, Pickaway County civil defense director, reminded the public Saturday that plans are all geared for the Fall series of first aid classes.

Outstanding success of the first aid training has been in sharp contrast to other efforts designed to revive interest here in civil defense. The Summer classes were well attended, and an even larger group is expected to be on hand when the Fall series begins.

Virginia Wilson is the instructor in charge of the first aid classes, which are held in common pleas courtroom at Pickaway County Courthouse here. Plans are to hold them on Wednesday of each week, beginning at 8 p. m.

It was emphasized the first class of the Fall series is scheduled for next Wednesday.

Tait has made the first aid training the keystone of his program to put new life in preparations for sudden war or major peacetime disaster. He said other plans may be tried to expand the first aid set-up if the classes continue to draw large attendance.

### 'Lord's Humanity' Is Worship Theme For Presbyterians

"The Humanity of Our Lord" is the theme of worship service in Presbyterian church at 10:30 a. m. Sunday.

The Rev. Donald Mitchell says: "Many times people lose their hold upon life, become discouraged, lonely, perhaps willful, tempted to self-pity; all these very human feelings tend to make men feel that no one cares, least of all God. Yet God, in Christ, felt some of these same human experiences as He walked among men; and He can help us."

"He can open up a whole new world for us that will change the picture completely—and change us. See how clearly He understands us and learn of His deepest concern for us; how great His love toward us; how full of purpose our life can become."

"In the 8th chapter of the Gospel of St. Mark, we are astonished how by strong contrast, Jesus opens before our eyes the answer to the true use of life."

The choir will sing an anthem: "Let Not Your Heart Be Troubled." Miss Patsy Huston will sing the soprano solo part. At the organ, Mrs. Theodore L. Huston will play "Prelude on Theme B-A-C-H," "Moderato" and "Alleluiah."

The Couples Club, Geneva Fellowship, will meet for its annual covered dish supper in the social rooms of the church at 6:30 p. m. Sunday.

### Worship Service Is Readied In Calvary Church

Weekend services in Trinity and Christ Lutheran churches will begin with Sunday school in Trinity church at 9 a. m. This will be followed by the regular worship service at 10:15 a. m.

The Rev. George S. Schultz will deliver the morning meditation using the theme, "Is Ours A Reasonable Service?" This will be based on the text from Matt. 6:7-8.

The children's choir will sing an anthem, "My Jesus, I Love Thee."

At 2 p. m. Sunday, there will be a combined worship service and Sunday school in Christ church, Lick Run. This service will be conducted by Intern Donald Kearns, who will preach on the theme, "Live Your Faith." The meditation will be developed around the text of I Peter 5:5-8. Mr. Kearns will exhort his hearers to live their faith in humility, in assurance and in vigilance.

At 6:30 p. m. Sunday, a Junior Luther League will be organized in the parish house. This is something new in Trinity church and is intended to give those in the eighth and ninth grades, or about that age, a League of their own which will be run by their own officers under the guidance of Intern Kearns. Parents are urged to encourage them to attend this group designed especially for them.

### 'Christianity' Theme Readied For Methodists

"Mainstreet Christianity" will be the theme of the sermon which the Rev. Robert Weaver will preach Sunday morning in First Methodist church. The basis of the sermon will follow the conflict which exists between the meaning of real Christian living and the acceptance of good deed living as the final criteria for action.

The sermon development will show that the influence of Christianity has developed a "golden rule" policy of man's relation with his fellows, but that the golden rule is not an adequate philosophy for living. "Golden rule" living is not a motivation in itself, but is the result of a deeper attitude toward the whole of life.

The further development of the sermon will indicate that only in the love of God can a complete philosophy of life be found that will be adequate for every need of life. Only in the spiritual power of God can any person find the fullest of life.

The senior choir, under the direction of Mrs. Harold Deffenbaugh, will sing an anthem "Bless the Lord." Mrs. Ervin Leist has chosen "Ave Maria," "Romance" and "Traumerel" as her organ selections for the worship service.

## Church Briefs

At 7:30 p. m. Tuesday, the Adult Bible Study group of Trinity Lutheran church will meet in the parish house. This week the group will study lesson 6, "A Certain Lawyer." Newcomers may feel free to join this group at any time.

Group "D" of the Women's Association of Presbyterian church will meet at 8 p. m. Monday in the home of Mrs. Franklin Kibler.

At noon Wednesday, the Ladies' Missionary Society of Trinity Lutheran church will meet in the parish house for a carry-in luncheon. This will be followed at 2 p. m. by its annual thankoffering meeting.

Group "B" of Presbyterian Women's Association will meet at 2:30 p. m. Tuesday in the home of Mrs. Channing Vlerbome.

At 7:30 p. m. Thursday the Lutheran Brotherhood of Trinity Lutheran church will have its annual "Pumpkin Show" meeting. All of the men and women of the church are encouraged to come out and join in the fun and fellowship which are always a part of this meeting.

Board of trustees of Presbyterian church will meet at 8 p. m. Tuesday in the session room.

On Oct. 17, the children's catechetical instruction classes will meet at 9:30 a. m. After their regular morning classes, the children will go home for lunch and those who are interested in football will return to the church at 12:30 p. m. This group will then be transported by Intern Donald Kearns and some of the parents to Columbus, where they will see the Capital University football team play Heidelberg College. This will be done without expense to the children except for refreshments.

Group "C" of the Women's Association of Presbyterian church will meet at 2:30 p. m. Thursday in the home of Mrs. Charles Kiger.

First Evangelical United Brethren church Youth Fellowship will meet in the Shining Light Class Room at 8 p. m. Monday for the regular monthly devotional and discussion meeting.

Presbyterian choir will rehearse at 7:30 p. m. Thursday under the direction of Mrs. Clark Will.

Brotherhood of First Evangelical United Brethren church will meet at 8 p. m. Tuesday in the service center.

Group "A" of Presbyterian Women's Association will meet at 8 p. m. Thursday in the home of Mrs. Adrian Yates.

Wednesday activities in First Evangelical United Brethren church include Fidelis Chorus rehearsal at 6:30 p. m.; prayer and Bible hour at 7:30 p. m. with the Rev. Carl L. Wilson directing Bible study from St. Matthew 5, 6, and 7; and church choir rehearsal at 8:30 p. m.

Senior High Youth Fellowship members of First Methodist church will attend a Fall district rally of the MYF in Lancaster First Methodist church, Sunday afternoon. Members of the local group will participate in the afternoon and evening sessions of the Chillicothe district rally by attending workshops in the five fields of activity of the MYF. About 20 local youth are expected to attend.

First Evangelical United Brethren church Service Circles will meet at 8 p. m. Tuesday: Mary Circle with Misses Daisy and Viola Woolever, 325 Watt St.; Ruth Circle with Mrs. Charles Camp, 626 E. Mound St.

Youth Choir of First Methodist church will meet at 4 p. m. Wednesday in the church parlors with Mrs. Vaden Couch for regular rehearsal.

Mrs. Mary Milliron will direct the program when Shining Light Class of First Evangelical United Brethren church meets in the service center at 7:30 p. m. Thursday

with Myrtle Puckett, Florence Neuding and Clara Stevenson, co-hostesses.

Junior High Youth Fellowship will meet at 6 p. m. Sunday in the parlors of First Methodist church for a regular meeting of the group. Following the worship and study sessions of the group, recreation and refreshments have been planned.

Rebecca Circle of First Evangelical United Brethren church will meet at 8:30 p. m. Wednesday in the home of Mrs. Ronald Nau, 960 S. Pickaway St.

Senior Choir of First Methodist church will meet at 7:30 p. m. Thursday for regular rehearsal.

Members of First Evangelical United Brethren church are to bring articles for the Hong Kong, China, missionary box project sponsored by the Women's Society of World Service. Articles needed are towels and wash cloths, muslin, sheets, dress material, children's socks, sizes 6 1/2 to 11; sewing materials, first aid supplies, school supplies, men's shirts, sizes 14 1/2 to 15; ties, all kinds of bedding, Christmas decorations, color and picture books. Donors are to place contribution in the box in the church vestibule.

Boy Scout Troop 52 will meet at 7:30 p. m. Tuesday for regular meeting.

Youth "rally day" will be observed Sunday in First Evangelical United Brethren church with a special worship service at 9:30 a. m. when the Rev. Carl L. Wilson will speak on the theme, "Our Youth and the Church." At the close of the service, every young person will receive a spiritual life packet. Youths from the ages of 12 to 24 years will participate in the service of dedication.

### New Testament Theme Due In Christ Church

"The New Testament Church Identified By Its Name" is the sermon theme planned this Sunday for the church of Christ, meeting at 159 E. Main St.

"In order to be built according to the Divine pattern, the church of God upon the earth must be called by a name designated by the God of Heaven and found upon the pages of His word," says Evangelist Charles Cochran.

"Names are given for purposes of identification and distinction. When Christ was here He announced His purpose to build His church (Mt. 16:18), and died on the cross that His promise might be fulfilled. Thus the church belongs to Him by right of purchase (Acts 20:28). Therefore, it is perfectly right and proper that the church which belongs to Christ should be identified by a name which designates Him as its owner."

"Names of human derivation keep people divided into parties and sects and build walls between professed believers in Christ. Furthermore, these human names prevent the answering of Christ's prayer that His followers all might be one (Jno. 17:20-21); they take honor from Christ and give it to someone or something else, when we are told to glorify God through Christ (1 Pet. 4:11; 4:16; Col. 3:17); and act as stumbling blocks to sinners, leaving the impression that any name or any thing in Christianity is all right, and reason, if this be true, then nothing is all right."

In New Testament times the disciples were called 'Christians' (Acts 11:26); 'Saints' (Phil 4:21); 'Disciples' (Acts 20:7); and 'Brethren' (Col. 1:2). The church was called 'My Church' (Mt. 16:18); 'The Church' (Acts 8:1); 'Church

### Youth 'Rally' Due Sunday In 1st EUB Church

Cooperating with the Evangelical United Brethren church pattern of Fall "rally" efforts, young people of First church will receive special attention at the 9:30 a. m. Sunday unified worship and the 10:30 a. m. church school class sessions.

Miss Lucille Kirkwood, organist, introduces the worship hour with the prelude, "Pastorale." Other music includes organ numbers, "Church Spire" and "The Cry of the Reformation;" congregational hymns, "Stand Up for Jesus," "I Would Be True" and "Lead On, O King Eternal;" and the church choir anthem, "Our Holy Lord and King."

I Timothy 4:12... "Let no one despise thy youth, but set the believers an example in speech and conduct, in love, in faith, in purity," is the scriptural directive from which the Rev. Carl L. Wilson delivers the sermon, "Our Youth and the Church."

Attempting to emphasize the important place youth plays in the church and to remind the church that it has a definite responsibility to its youth, the Rev. Mr. Wilson says:

"The text is pastoral counsel from St. Paul to a young man, Timothy. The Apostle was anxious that Timothy might appreciate his spiritual privileges and make the most of the opportunities offered by the church. Apart from the direct reference of these words to the Christian apostolate, they are most appropriate to us in the season of youth."

"Youth is like the Spring-time, which is different from the Autumn. In the Spring nature is full of activity and promise. Nature is preparing her flower-show. Buds are bursting. Birds are building. Fields take on new color. In all there is promise, faith and hope. Youth finds itself in a similar situation."

"No right-thinking person despises youth in itself. Would a person despise the acorn because it is not an oak or the orange blossom because it has not fruited?"

"The spirit of the text is a challenge to youth not to act so as to lead people to despise them. 'Character,' says Ossili, 'is higher than intellect.' Therefore be an example in word; in conversation, which means citizenship; in charity, which means every aspect of love to God and man; in spirit, which means the atmosphere that surrounds your life; in faith, which means vital obedience to the doctrines of the gospel of Christ; and in purity, which means the absence from the very appearance of evil. Nothing gives greater power or demands true respect than conduct, therefore the message is that youth might conduct themselves in a manner becoming the name and nature of Jesus Christ."

Following the sermon, the Pastor will conduct a dedicatory ceremony of spiritual life packets, which will be given to every youth. Included in this packet is the yearly calendar of youth activities for the local church; a manual, "Christ Calls Youth to Spiritual Growth;" quiet hour and stewardship covenants; a sharing Christ missionary charge; and a youth fellowship reading course guide.

Climaxing the service, the youth will be given opportunity to answer the call, "Christ Calls to Christian Growth," in a service of consecration.

All members of the church, especially parents of the youth, are urged to attend.

### Worship Rites Are Announced For Lutherans

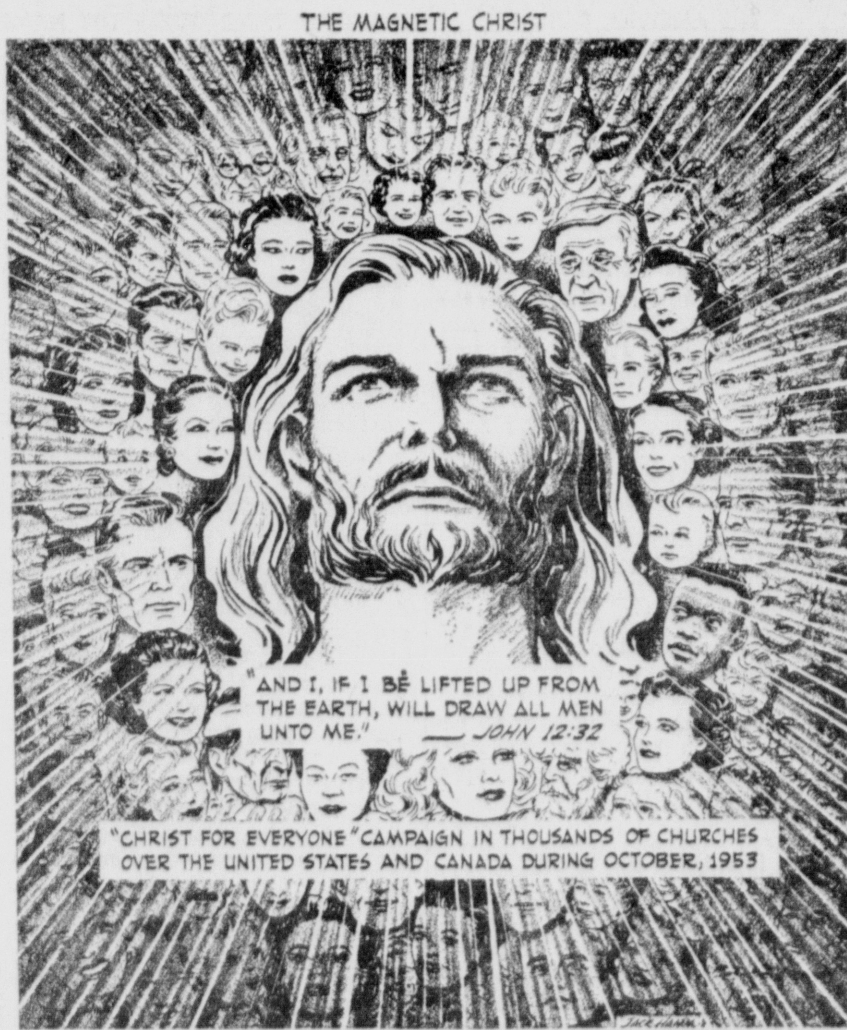

"Whatever a man sows, that he will also reap."

This verse of Scripture is the text from which the Rev. James Reeb will speak Sunday morning in Calvary EUB church. Dale DeLong, church school superintendent, and Miss Minnie Wilkerson, church pianist, will assist the Pastor in conducting the 9 a. m. service of worship.

Christian Carols Choir also will contribute to the service by singing two anthems, "Follow Me" and "Praise Him." The Choir is directed by Mrs. Richard Crawford.

DeLong and his corps of directors and teachers will conduct study classes for persons of all ages at the conclusion of the worship service. All persons not in regular attendance elsewhere in the city are cordially invited to attend the Calvary church for worship and study.

On Oct. 18, a "Men's Day" program will be conducted in the church by the men. Prof. J. F. Smith of Otterbein College, Westerville, will be guest speaker.

## ILLUSTRATED SUNDAY SCHOOL LESSON

Scripture—Jeremiah 31:31-34; Matthew 5:1-10; Mark 7:20-23; John 3:3-5; Philipians 4:13; I Peter 1:13-23.

The prophet Jeremiah told his people that the Lord would make a new covenant with them. "I will put My law in their hearts; and will be their God, and they shall be My people."

The people need no longer teach "every man his neighbor, and every man his brother, saying Know the Lord; for they shall all know Me, from the least of them unto the greatest," said Jehovah.

What characteristics has the new man? Jesus said: "Blessed are the poor in spirit; for theirs is the kingdom of heaven; blessed are the peacemakers; for they shall be called the children of God."

Nicodemus asked Jesus how he could be born again? Jesus answered, "Except a man be born of water and of the Spirit, he cannot enter into the kingdom of God."

MEMORY VERSE—Ezekiel 36:27.

### SLOWING THE SPEEDERS

EXCESSIVE SPEED IS the leading cause of highway fatalities. It accounted for 35 per cent of 1952's accidents in which 38,000 persons lost their lives. At the start of 1953, the trend was still upward. This prompted the 11 northeastern states to join in a coordinated antispeed program for June, July and August, the progress of which was watched by safety authorities throughout the country.

Disappointment is felt on first glance at the preliminary report, just issued, in that six of the states recorded fatality increases over 1952's Summer months. The increases ranged from three per cent to 17 per cent in four of the six states, while New Hampshire and Rhode Island—the one a sparsely settled state, through heavily traveled in Summer, and the other having the highest population density—each registered 66 per cent more auto deaths.

Most encouraging was the contrast furnished by Vermont, New Jersey, Maryland and Pennsylvania. The first named state, right alongside New Hampshire, led with a 33 per cent decrease. Maryland was next with 18 per cent, Pennsylvania third with 12 per cent and New Jersey had a decline of six per cent. Connecticut, the fifth state, reported one less death.

These decreases more than offset the increases, with the net result that the total of 1,541 deaths in the 11 states for the short period of the antispeed program was 41 under a year ago. Still more important is that this year's early upward fatality trend has been reversed over a wide area while in other parts of the country fatalities have mounted.

### COLUMBUS DAY

FOUR HUNDRED AND sixty-one years ago, Christopher Columbus reached the shores of the Western Hemisphere and set this terrestrial sphere on a course of expansion which currently has the human family dizzy.

It is said jocularly that Columbus didn't know where he was going, got lost on his way, didn't know where he was when he reached his destination and couldn't tell where he had been when he got back. There is, however, a great deal of substance to that which should sustain the faith of the free world in its present bewilderment.

Geographical frontiers have vanished and to win the comity and cooperation of peoples, so that they may survive in ever more populous lands, is a real challenge. So also the dedication to a higher social sense, the determination within these borders to live and let live, to help the unfortunate and dwell together in brotherhood.

These programs, inseparable from a world worth living in, are launched but frequently are tossed on seas of discord and dissent. Perhaps our destination will not be

It was negotiated for reasons of survival in a battlefield test with Russia on the European continent. It represents a victory of the Pentagon national defense experts over the State Department and our associates in NATO.

## These Days

There is a vast experience in our relations with Oriental peoples and out of it must come the conclusion that while they dislike being governed by Westerners, they hate being controlled by any other Oriental people. On June 29, I wrote in this column:

"... From my long experience with Asiatic peoples, I can only see massacres, assassinations and terror in the future. The Koreans will no more submit to the presence of Hindus in their country than they submitted to the Japanese and to Chinese Communists. They even opposed a Formosan participating army."

"The Americans were not resisted because the Koreans knew, as all Asiatics do, that Americans always go home. They are not empire-builders and they have no desire to occupy the lands of other peoples."

"That has never been the history of the Chinese or the Hindus, who have in their history occupied areas imperially. China held Korea in suzerainty for 300 years; Japan annexed Korea."

This judgment has unfortunately turned out to be correct. I cite my own words not to advertise my wisdom, small as it is, but to indicate that any student of the Orient should have known that sending Indian troops to Korea would lead to trouble.

The British used Sikhs to police the Chinese in their International Settlements and when Sikh police shot down Chinese workers in Shanghai on May 30, 1925, it produced an anti-British boycott that eventually led to revolution.

Indians are temperamentally unsuited to be neutral about anything. They are a volatile, excitable, almost a hysterical people, perhaps because they were so long in subjection. While they speak vehemently about their independence, they have known little of it throughout their history.

Layer upon layer of conquerors has held the original Dravidian race in subjection. The caste system has been attributed by some historians to these numerous conquests, of which the British was the last. There is no period in Indian history, and this includes Pakistan, when these people have known freedom, as we understand the term.

As early as 3,000 years ago, the northern mountains began to pour population down into the valleys and rich plains of India, the Aryans coming first, probably from what is now Iran. It was out of this Aryan civilization that the caste system developed, their population being divided into Brahman, Kshatriya, Vaisya, and Sudra, the last being slaves because of their black color.

On account of these conquests and the varieties of ethnic groups, India recognizes 147 distinct languages under nine differentiated families of tongues.

The Persians under Darius I, the polyglot armies of Alexander the Great, the Syrians, the Bactrians, the Yueh-Chih (probably Scythians), the Parthians, the White Huns (Hephthalites), Arabs, Mongols, more recent Persians, Chinese, British, French, Portuguese either invaded or conquered some parts of India. (What is here said of India includes the new country, Pakistan.)

that at which we are aiming, as in the case of Columbus. But as the aim of Columbus was to break the old world out of its hide-bound rut, so America is compelled today to keep trying.

As the discovery of America remade the world, so may the eventual results of this nation's current efforts in behalf of a free world.

## NATIONAL WHIRLIGIG

news behind the news

Editor's Note: Every Saturday this veteran Washington columnist devotes his column to answering readers' questions of general interest on national and international policies and personalities. Questions may be sent direct to Ray Tucker at 6308 Hillcrest Place, Chevy Chase, Md.

**BASE**—Should the Soviet overrun France, the Low Countries and Italy, as Hitler did, Spain will furnish us and our Allies with an almost impregnable base for mobilizing a counter-attack. In World War II, we had only England and North Africa for this purpose.

As with our pact with Tito of Yugoslavia, the arrangement with Franco does not signify our approval of his totalitarian rule, or the close tieup between church and state in that country.

It does not condone his harsh attitude toward religious minorities. In a back-alley slugfest, a man—or a nation—cannot always choose his friends. Don't forget that a tyrannical monarch in Paris probably guaranteed the success of our 1776 revolution!

"With the Government trying

to save money," writes E. H. P. of Northampton, Mass., "it seems to me that these around-the-world junkets by officials and congressmen are unwarranted. Vice President Nixon is leaving on an international jaunt, covering the same ground recently visited by Governor Dewey and Adlai Stevenson. What can he find out that they did not learn?"

Answer: I see no reason for all these expensive and misnamed "inspection trips," as they are called. There certainly is no excuse for committees of five and seven members, usually with members of their families, to go gallivanting to the ends of the earth. As a rule, only one man does any serious work or investigation, while the others act like professional collegians at a June reunion.

**NECESSARY**—There are exceptions, of course. It is eminently worthwhile, say, for an intelligent and studious member of Appropriations or Armed Services Committees to go abroad to see how our billions in foreign and military aid are being spent.

### Operation Aids Mental Ills

By HERMAN N. BUNDESEN, M.D.

THERE is probably no field in medicine where there is more room for research than in the treatment of the mentally sick. Mental hospitals throughout the country are being taxed beyond their limits in caring for these people.

Medical science has searched for years for a specific treatment for the psychiatric patient. Except for the few that make recoveries on their own, most of these patients become progressively worse as time passes, and finally lose complete touch with society. They live out their lives in mental institutions.

#### Extensively Used Operation

An operation that has been used extensively in most mental hospitals is one known medically as a lobotomy.

In this surgical procedure, certain brain tracts which lead to the area of the brain that controls the emotions and drives of the person, are cut. This is done by making a hole in the bone covering the skull, then cutting the brain tracts. The aim of this surgery is to effect a social recovery outside the hospital.

#### Controls Difficult Patients

Lobotomy has also been used to control dangerous suicidal or assaultive patients, or very de-

## Try, Stop Me

In a nightmarish sort of Soviet heaven, the Communist equivalent of St. Peter stopped an elderly applicant at the Kremlin-like gate (made of ersatz pearl) and demanded, "State your qualifications for entering here?" "Well," said the whiskered applicant, ticking off the reasons on his fingers, "on earth my father was a rich industrialist and my mother came from a family of middleclass tradesmen. Me, I was a writer. And, finally, after inheriting a large sum of money, I married a baroness."

The Soviet St. Pete was choking with rage by this time. "And are those your only claims for entering our Red heaven?" he thundered.

Meekly the applicant added one claim more. "Maybe my name might help," he murmured. "It's—Karl Marx."

There is need for such a check to ascertain how our money is spent abroad. But there is no reason why 60 or 70 honorables should get gay with U. S. funds every summer, fall and spring.

As to Nixon's tour, it will contribute nothing new to our information on international problems. The State Department is crammed with unread files and diplomatic memos on every conceivable question that he is supposed to study. The only excuse for the V. P.'s junket is that it will advertise our concern with the peoples he visits, since he will travel as the President's personal representative.

In view of Truman's ignorance of world affairs when he took office, it may be wise to let Nixon have a first-hand look at the outside world.

When Phil Stanley stepped into Humphrey Charles' law office to collect another sizable legacy due him, he stopped right into Nancy Kelly's. Intrigued by the sparkling wit and the lush red hair of this young woman serving as Mr. Charles' secretary, Phil ventured to ask Nancy to lunch with him and she accepted. It would be fun, she reasoned, to be seen at the University club with the city's most eligible young millionaire bachelor. His name had been linked with that of many a socialite miss, including Linda Van Vleet, a new-comer, whose charm and brunette beauty had become the toast of the town. Nancy's small flight into Utopia soon vanished when she reached home to find her family in a state of despair. Her father, Tim, was again unemployed, as was her brother Tom. Her younger sister Moira had eloped with Sam Sykes, a young man of ill repute. Nancy handed her badly needed pay check to her distraught, work-worn mother, "Bessie Larry" Patrick, an enterprising newspaper reporter had spotted Nancy Kelly and Phil Stanley at the club. He was quick to reach the Kelly home, demanding to know if romance loomed. Nancy assured him it did not. Her jaunt with Stanley was merely part of her day's work, she said.

CHAPTER FOUR

THEN the telephone jangled. "Spencer and Charles, Miss Kelly speaking."

"This is Phil Stanley."

"Yes, Mr. Stanley."

"Why so cool?"

"Am I cool?"

"You gave me a chill."

Tom Phil, without asking if he might, said that he was calling for Nancy at eight o'clock.

"There's a good show at the Davidson. Site to eat afterwards. New orchestra in the Empire room."

"No, you're not."

"Why not?"

"I'm busy. Besides it's after five o'clock... when I go to a theater I want more than three hours' notice."

Nancy said that, but in the swift workings of her mind she was thinking of her meager wardrobe.

"Tomorrow night then?" Phil's voice took on a note of pleading.

"Please, I want to talk to you. I need your advice."

"About what?"

"About an investment."

"You flatter me."

"Seriously though, I must see you. Besides, I want you to teach me to dance."

"So you can't dance?"

"Well, I have danced, I wouldn't say how."

Nancy hadn't danced for weeks. Not since Larry Patrick in a burst of extravagance had taken her to the Club Madrid, driving up to the portico with a rattle and a bump and with as much dash as though his old Ford were a Cadillac. She was tingling to be on the dance floor again.

"All right, I'll go," she said.

When Phil Stanley hung up with "that's a sweet girl, good-bye and thanks," Nancy found that she had been holding the receiver so tightly that her hand ached. She wriggled her cramped fingers.

The next hurdle now was a suitable dress. She would have to make the old black one do. It was plain, the lines weren't too much last year. She would have to shorten it an inch.

Nancy knew clothes. She was eternally appraising the clothes of the women she met. On the bus she would observe tiny hats set on big heads and big hats on little heads.

furberelous on fat women, up and down stripes on thin ones, and she winced.

On the streetcar home she didn't give any quick glances of appraisal to the dress of fellow passengers. She was too occupied with worry over her own, to say nothing of how she was to announce that she was going out with Phil Stanley, whose inheritance had made front page news so few days ago.

What would her mother say? She would have to warn her father not to go pattering around in his stocking feet. As for Tom, well, she would have to manage brother Tom somehow.

Of more importance at the moment was the worn living room rug and the lamp with the cracked parchment shade. Nothing could be done about either. The rug couldn't be turned and neither could be the shade. It had cracks on both sides.

Well, Phil Stanley had asked for it. Let him take it or leave it.

Nancy tried to still her fears. She wanted to be casual, and the harder she tried the faster her heart beat. She closed her eyes... there was soft music... there they were dancing... he was holding her close... swinging... she was in sleek, black satin.

The music changed... she was in something beruffled and soft... they were lost in the glorious rhythm of the Blue Danube.

The clang of the motorman's bell shattered Nancy's little dream. She had ridden two blocks past her corner.

She ran up the porch steps, two at a time, and with the opening of the door was assailed with—the smell of onions.

"Oh, mother, onions again!"

"And why not?"

Nancy couldn't answer. Not then. She must use every ounce of tact she could muster during the next twenty-four hours.

The following evening, Timothy Kelly, his shoes shined, and on, and with his hair plastered into a part straighter than it had known for months, sat reading the want ad column beneath the cracked parchment shade.

Mother Kelly, her wealth of curling hair swept into a swirl of silver (Nancy had done it, and under what protest), sat across the room sewing.

Tom was there too, his one good suit still showing the marks of the pressing iron. Tom had been the hardest to handle.

Now Nancy, in her black dress, her hair glinting gold with a shampoo at her own hands that afternoon, contemplated the three, and she loved them all.

Her announcement, casually made, at luncheon, that she was going to the theater that evening, brought three simultaneous ungrammatical queries:

"With who?"

She had confessed with whom, as directly and honestly as she could. It was a battle of words that had risen sharp and excited. It was over now, Nancy had won.

Even the news that Moira, now Mrs. Sam Sykes, was back in town and she and Sam were at a hotel—until they could find an apartment,

## Methodist Woman's Groups Hold Joint Meeting; Supper

### Circleville Group Hosts County Meet

Members of Woman's Society of Christian Service of First Methodist church and guests gathered for a covered dish supper Wednesday evening in the church basement. Guests at the supper and meeting which followed included members of all Woman's Societies of Christian Service of Pickaway County and Methodist high school girls.

Mrs. William Cook, in charge of a meeting held at 8 p. m. in the sanctuary of the church, gave a welcome to members and guests. A hymn was sung by the group, devotionals given by Mrs. Paul Johnson and a solo was presented by Mrs. Larry Graham.

Mrs. Walter Heine, secretary of Christian social relations, reminded the group of election day next month and stressed a levy for care of tubercular patients in hospitals which will be voted on at that time.

Mrs. Robert Weaver announced that a program of American folk songs is to be given by Mrs. Anne Laylin Grimes at 3:30 p. m. Nov. 1 in the sanctuary of the church. Tickets are to be 50 cents for adults and 25 cents for children.

Mrs. Roloff Wolford introduced Mrs. W. C. Taylor, Toledo Conference secretary of youth work, who discussed problems of youth today. She stressed a need of the will of God in their lives and spoke of the need of adult leadership and debated whether adults really believe in our youth. Mrs. Taylor said young people today live in a tension-filled world and are being forced to make decisions early in life and said that they need more respect and encouragement to look upon Christ.

Mrs. Cook presented a past presidents' pin to Mrs. Boyd Stout. Refreshments were served by Circles One and Two, with Mrs. Charles Fullen and Mrs. Carl Johnson as chairmen.

### State Safety Contest Is Won By Miriam Bach

Miriam Jean Bach of Circleville Route 2 is 1953 winner of a farm and home safety award in a statewide 4-H Club contest. This announcement was received this week from Mr. Albert F. Gehres, acting assistant state 4-H Club leader.

Miss Bach has had several recognitions for her outstanding support of 4-H and farm activity. Her safety slogan, "A Minute of Safety Saves Hours of Pain," with its accompanying narrative elaboration, won first place in her home Grange contest and third place in a state contest.

In September, her name was entered on an "I Dare You Honor Roll" and she was presented the book "I Dare You" by William H. Danforth and a certificate which states a challenge to "dare greatly, live usefully and share freely in all worthwhile things of life." This award is supported by the Danforth Foundation, which has set aside a fund to recognize leadership in farm youth and to stimulate purposeful living.

Further evidence of Miss Bach's ability, leadership and purposeful living is shown by her being placed on the National School Honor Society in April. Her efforts in promotion and support of "doctor's appreciation day," proclaimed by Gov. Frank Lausche, reveals her sincere interest in human welfare.

By virtue of winning the State farm and safety contest, Miss Bach now is in competition for a national award and will receive a one-week trip to National 4-H Club Congress in late November.

### FAMILY FAVORITES

By BETTY NEWTON

Won't you be feeling pleased when there's a hearty meal like this one cooking to perfection in your kitchen? Spicy Barbecued Spareribs, Broccoli with Cheese Sauce (or plain, if you prefer), new potatoes and Fudge Pie are easy to prepare and so good to eat.

#### Barbecued Spareribs

1/4 C. lemon juice  
1/4 C. vinegar  
2 Tbsp. sugar  
2 Tbsp. Worcestershire sauce  
1/2 C. catsup  
1 tsp. salt  
1 tsp. dry mustard  
1 tsp. paprika  
1/2 tsp. pepper  
1 peeled, minced clove garlic  
2 lbs. spareribs

To prepare barbecue sauce, combine first 10 ingredients in a saucepan. Cover; simmer 15 minutes. Meanwhile cut spareribs into individual servings of 2 or 3 ribs each. Place spareribs, rounded side up, on rack in large baking pan. Bake in gas range at 500 degrees for 10 to 15 minutes. Reduce heat to 350 degrees; bake covered or uncovered for 1 hour, or until spareribs are very tender, brushing frequently on both sides with sauce. Makes 4 servings.

#### Broccoli with Cheese-Sauce

Broccoli  
1 C. milk

1/2 lb. (2 C.) diced process cheese  
1 tsp. salt  
1/4 tsp. paprika  
1/4 tsp. curry powder  
Few grains cayenne

Cook broccoli in boiling salted water until tender. Meanwhile, scald 1 C. milk. Stir in diced cheese, salt, paprika, curry powder and few grains of cayenne. Cook the sauce over simmer flame. Stir constantly until smooth. Pour over broccoli and serve at once. Makes 1 1/2 C. Note: This sauce will keep for some time if stored in refrigerator.

#### Fudge Pie

1/2 C. butter or margarine  
3 sqs. (8 oz.) unsweetened chocolate  
2 C. sugar  
4 eggs, beaten  
1/4 tsp. salt  
1 tsp. vanilla flavoring  
1/2 C. broken walnuts

Melt butter and chocolate together in a saucepan. Stir in sugar. In a large bowl, beat eggs slightly; blend in chocolate mixture. Then add salt, vanilla and nuts. Pour into a well greased 9-inch pie plate and bake in a gas range at 350 degrees for 45 minutes. Cool and chill in refrigerator several hours or overnight. Cut into serving pieces and serve with sweetened whipped cream or ice cream. Makes 8 to 10 servings.

## Uclans Humble Wisconsin, 13-0

LOS ANGELES (AP)—The UCLA Bruins remained in the ranks of the nation's unbeaten football teams today and sent Wisconsin tumbling.

The Pacific Coast Conference hung a 13-0 score on the visitors from Madison, the second triumph in two seasons, but the game left a lot of the huge crowd of 69,161 limp with unexcitement last night.

Halfback Paul Cameron emerged as the main star of the affair, scoring one touchdown and leading the Bruins to the other. Big Paul gained 75 yards rushing and 45 passing. But the evening's longest run from scrimmage, 22 yards by Cameron, was hardly enough to send the fans into hysterics.

# Tiger Gridders Score 15-14 Victory Over Hillsboro For 4th Straight Win

A deflected punt in the end zone covered by Big George Troutman spelled the margin of difference between Circleville's rampaging Tiger football team and the Hillsboro Indian aggregation Friday night on the Hillsboro battlefield.

Circleville parlayed the two-point safety into a 15-14 victory over the fighting Hillsboro Indian gridders during the thrilling and unusual contest.

The win, close as it was, gave Circleville a continued unblemished record of four victories in as many starts this season, including two South Central Ohio League wins.

Hillsboro, also fighting — and fighting hard — to keep its record unblemished to date, dropped its first match in four starts during the fracas, its opening SCOL encounter of the season.

**THE LARGE** crowd of Tiger partisans attending Friday's contest was jolted rudely in the opening minute of play during the skirmish when they saw their flashy Circleville team behind in scoring for the first time this year.

Hillsboro took the opening kickoff of the game on its own 39 and in the next four plays, featuring the talents of a really outstanding scabbard named Joe Cole, marched 61 yards downfield to score with only about one minute of playing time expired.

The Indian trek into Tiger paydirt opened with a seven-yard sprint around right end by Cole; two line bucks by fullback Boyd Nelson which gained 11 yards and a first down; and then a honey of a downfield jaunt by Cole, who squirted through an opening at left tackle and scampered 43 yards into the Tiger end zone. Cole smashed through right tackle for the extra point and Circleville was faced with a seven-point deficit.

Circleville's scoring machine was put into action then, taking the Hillsboro kick on its own 35 and grinding out 6 yards in 10 plays to score.

Circleville's drive was climaxed by an outstanding 21-yard smashing drive by Troutman, who tucked the ball under his arm, took off around left end and bucked, pulled and smashed his way into the Indian end zone. An extra point placement attempt by Quarterback Ron Bennington was deflected, and the Tigers trailed by 7-6.

After the two brilliant flashes of scoring prowess by the teams, both then settled into equally determined defensive activities.

**HILLSBORO** picked up two first downs after Circleville's kickoff, but was forced to punt just after the second quarter began.

Circleville took over then on its own 30 and racked up four first downs to take the ball to the Hillsboro 20 before it was stopped cold. Hillsboro took over, but again was forced to punt, due especially to a Don Skinner defensive move which cost the Indians 11 yards on third down.

Tiger fans were dismayed on the punt play, however, when the boot was fumbled on the 50 and Hillsboro recovered on the 44. However, the CHS'ers again reared up against the Indians, who were forced to punt just as the half ended.

Circleville fans were amazed when each of the first two quarters ended in what seemed to be record time, while the last two quarters seemed extra-long in comparison. Even so, there were 22 plays run off in the first quarter and 25 in the second, while the second half saw 21 plays completed in the third quarter and 27 in the final stanza.

Still trailing by 7-6 beginning the third quarter, Tiger gridders re-

turned after a halftime conference with Coaches Steve Brudzinski and Tom Bennett full

## Eagles Face Big Browns On Grid Tonight

CLEVELAND (P)—The Philadelphia Eagles, who generally were picked to stir up things in the National Football League this fall, tangle with the all-conquering Cleveland Browns tonight in a make-or-break game.

The league's 34th season is only two weeks old and the best the Eagles have done in two games is a 21-21 tie with Washington. In their other start they dropped a 31-21 decision to the San Francisco 49ers. A least they have been consistent in number of points scored in each game.

By contrast the Browns top the Eastern Conference with two victories, scored at the expense of Green Bay and the Chicago Cardinals. In each game Paul Brown's boys tallied 27 points while holding the Packers scoreless and checking the Cardinals with seven.

The remainder of the league sees action tomorrow. Baltimore plays the Bears at Chicago. The Cardinals will be at Pittsburgh. Los Angeles' Rams and the Packers tangle at Milwaukee. New York's winless Giants hope to get their offense clicking against the Redskins at Washington and the 49ers and the Lions clash at Detroit in a game between the unbeaten leaders of the Western Conference.

## Walnut Claims Forfeit Victory; Ashville Wins

Walnut Tigers six-man football team kept its record clean Friday by claiming a forfeit win over Pickaway's Pirates, and Ashville's Broncos scored a comfortable 49-20 win over Jackson's Wildcats.

The Walnut team was awarded a forfeit victory when Pickaway's Pirates were unable to field a satisfactory team. The Pirates were able to field only six men, leaving nothing for reserve substitute strength.

Ashville, invading at Jackson, opened its assault with a 60-yard scoring pass from Jackie Hutchison to Charles Trone on the first play of the game. The Bronco assault also included several other long scoring passes, two dropkicks, an 80-yard pass interception and a 55-yard kickoff return.

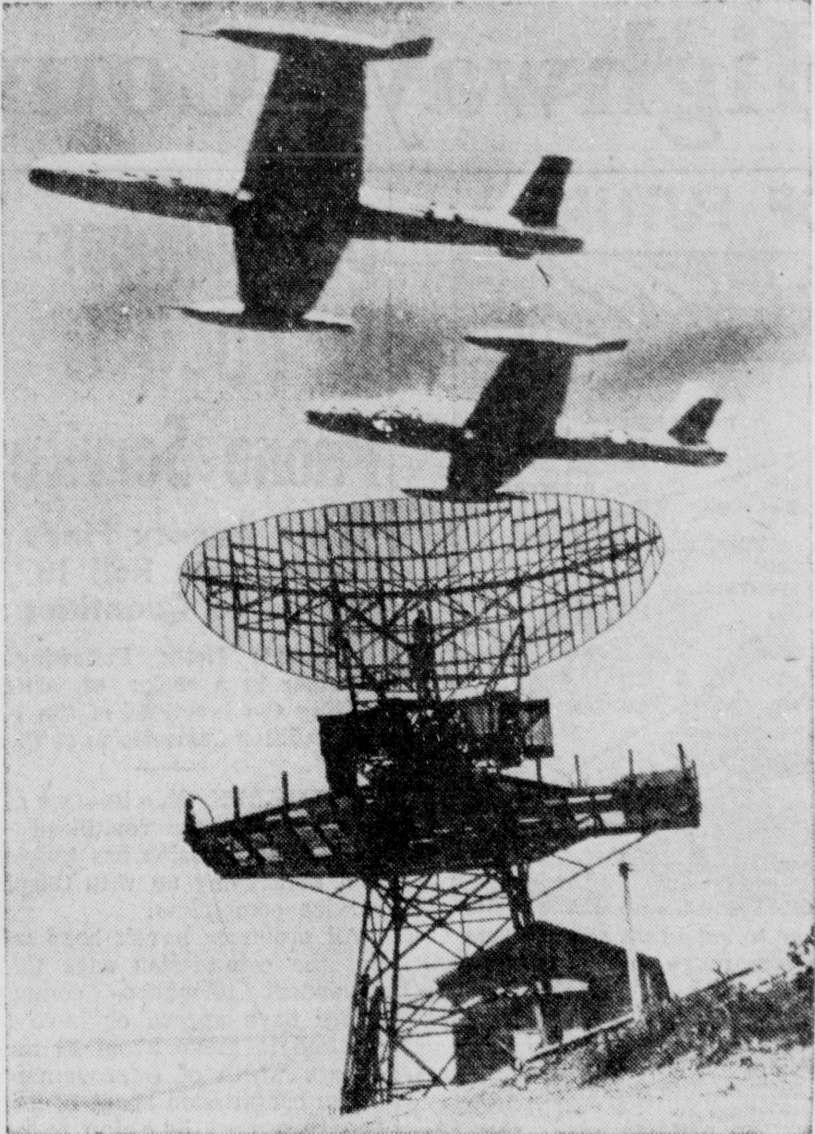

Next week's play will end the county's six-man football league season.

FEATURE of the final week will be a meeting of Williamsport and Walnut. Both teams are undefeated to date and the winner will capture the county championship. Date and place of the game will be announced later.

Other games on tap for the final week will be Pickaway at Ashville, with Pickaway's roster expected to be in good shape for the game; and Jackson at Junction City, a night game.

## Warning To Wives; Never Lose Your Husband In A Supermarket

By HAL BOYLE  
NEW YORK (P)—There is a story going around about the discovery recently of a well-preserved skeleton of a husband in one of the nation's supermarkets.

It was found lying on the floor with one yearning arm flung out toward a display of dog biscuits. Thousands of wives had passed the poor fellow by, but as he wasn't their husband naturally they did nothing about it. One near-sighted lady finally tripped over the skeleton and complained to the store management.

Not wishing to jump to any conclusions, a stock boy bent down and shouted into the ear of the still figure: "Special sale going on, mister. Three packs of cigarettes for a quarter!"

When the skeleton failed to leap to its feet, the management decided it was a case for the cops. The police, after going through the pockets, found the man's address and broke the news to his wife.

"Oh, that must be George," his wife cried, breaking into tears. "We went to the store a year ago last week—I remember I was wearing an old house dress and the print had faded—and somehow George and I became separated."

"I would have gone back for him, but they were having a special on soap powders that day, and I hurried on so as not to miss it. When George didn't show up at home later, I didn't know what to think."

I thought perhaps he had run off with a blonde we used to see in that store occasionally. And all these months he was only lost in the supermarket! Oh, George, George! How could I have mistreated you so?"

Well, it turned out that George, who had never been in a supermarket without his wife and therefore had never bothered to make mental notes of the landmarks to guide him through the grocery forest, had been unable to find an exit. He had simply wandered about in circles until

he finally collapsed by the dog biscuit counter and expired of hunger in an ocean of food bargains.

The police were unable to fix the blame. George's wife had visited the store dozens of times in the interim but never came across him. As they had no dogs she had no reason to leave her beaten path to visit the canine specialty food department.

The manager of the store was really guiltless.

"Of course," he noticed him dozens of times," he said. "But you get all kinds of people in a supermarket. We thought maybe it was just an odd hobby of his—lying on the floor and looking at dog pictures. But we hesitated to interrupt him. You know the policy of our store—'The customer is always right.'"

But basically it is a wife's responsibility today to protect her husband during a safari through a supermarket jungle. He doesn't have the time to learn its pitfalls and dangers—the towers of cans that can topple and crush him, the enticing little paths that lead nowhere, and the freezers he can bend over and fall into and slowly congeal into an icicle.

A wise wife will rope her husband to her, mountain climber style, when they go to the store together. And if, in some desperate emergency, she has to send him to the supermarket by himself, she will provide him with a livesaving kit containing the following items:

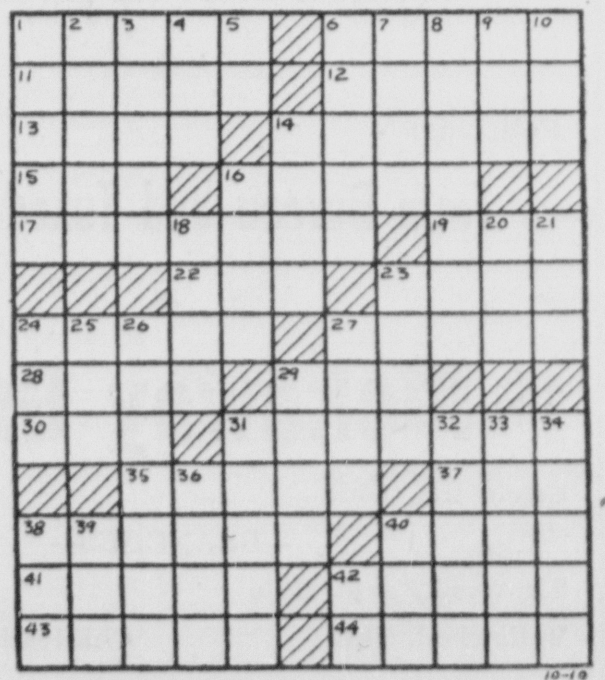

1. Sandwiches and a canteen of water.
2. A compass.
3. A Boy Scout ax he can use to blaze his trail by gashing holes in food cans along the way.
4. She might also include a packet of matches and blanket. Then, if all else fails, the lost husband can set fire to the broom display and send up smoke signals of distress.

There are so many ways a husband can get lost by himself these days that it is pure wifely mismanagement for a woman to lose her man to a supermarket.

# Knights Of Pythias Plans Highway Courtesy Campaign

## Local Lodges To Join In Safety Plan

### 6-Point Courtesy Code Outlined For Drivers

A continent-wide Knights of Pythias Highway Courtesy Campaign, in successful operation in numerous other states and Canadian provinces, will be launched soon in Circleville and Ashville K of P Lodges.

The Ohio highway courtesy campaign was authorized by the state convention of the Grand Lodge of Ohio in Cleveland Sept. 16, and organized at a conference of high Pythian officials in Columbus.

Its purpose is: To make more courteous and more careful drivers of the families represented by the state's 255 local lodges, and prompt them to encourage others to be more courteous and careful on the highways.

COURTESY campaign committees will be formed in each of the Pythians' 255 local lodges to be supervised by the order's 18 district deputies.

Hundreds of thousands of cards carrying the Pythian "code of courtesy" will be distributed throughout the state, along with special automobile window decals urging courtesy and safe driving. The six-point courtesy code which stresses that "Courtesy is a State of Mind," reads:

"Think of others walking and driving on the highway. Share your part of the road whenever necessary to avoid an accident. Remember, you can be right, but dead. When following an automobile, be courteous to the driver in front of you; no bright lights, no unnecessary horn-blowing; don't imperil both cars by getting too close.

"When an automobile is following you, appreciate the perils ahead of you that the driver behind you may not see and do him the courtesy of signaling to him in apt time. Do not drive so fast that you cannot stop in the safe, clear distance ahead. Remember: speed is the greatest killer. Remember: a courteous driver is always a safe driver."

Other features of the campaign will be: to urge business firms and other groups to include the courtesy cards in their mailings; public safety meetings to be sponsored by local lodges; lodge-sponsored programs in which traffic safety films will be shown and accredited traffic experts and judges will serve as speakers.

IN ADDITION, Pythians themselves will be trained to serve as speakers on traffic courtesy before other organizations.

To give the program still greater impetus, the Pythian high school public speaking contest for 1954 will center on the subject of highway courtesy.

Each local lodge will sponsor a preliminary contest. The six finalists will divide \$3,500 in cash scholarship which may be used in any college or university. First prize will be a \$1,500 scholarship.

## Sokolosky's These Days

(Continued from Page Four)

These, then, are numerous races and combinations of races with long histories of oppression and hatred and internal and external wars. They are insecure peoples who know nothing good about strangers and who have a long tradition of being either conquerors or of being conquered.

The psychological effect of such a history upon the people is to fluctuate between cringing before power or becoming bullies when in power.

In the Korean episode, the Indians have displayed both characteristics: unable to be neutral because of their insecurity, they cringe before the Russian power that lies on their north and they bully the Koreans, who are too weak to fight back although they threaten to.

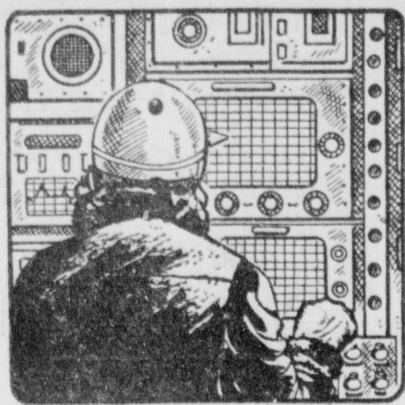

The Soviet world touches India and Pakistan at many points. In the northwest, it borders on Afghanistan, which is an unknown quantity and through which the Russians could pass without much difficulty. The famous Khyber Pass that, when the British held it, protected India from the north is no longer defensible.

Tibet and the Sinkiang province of China (Turkistan) run a long frontier with India, Pakistan, Nepal, Bhutan, and Assam, making the north of India and both parts of Pakistan readily conquerable.

On both sides of the border are kindred peoples, many of whom are Communists. Many of these races dislike the Indians and would welcome a revolution which would free them. Nehru lives in fear of this and therefore placates Russia.

But does that justify bullying Korea?

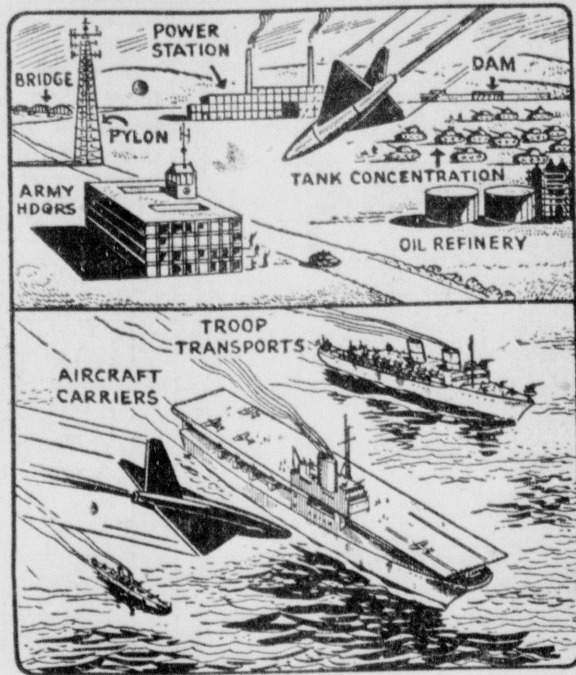

## BRITAIN ILLUSTRATES SUGGESTED MISSILE OF FUTURE

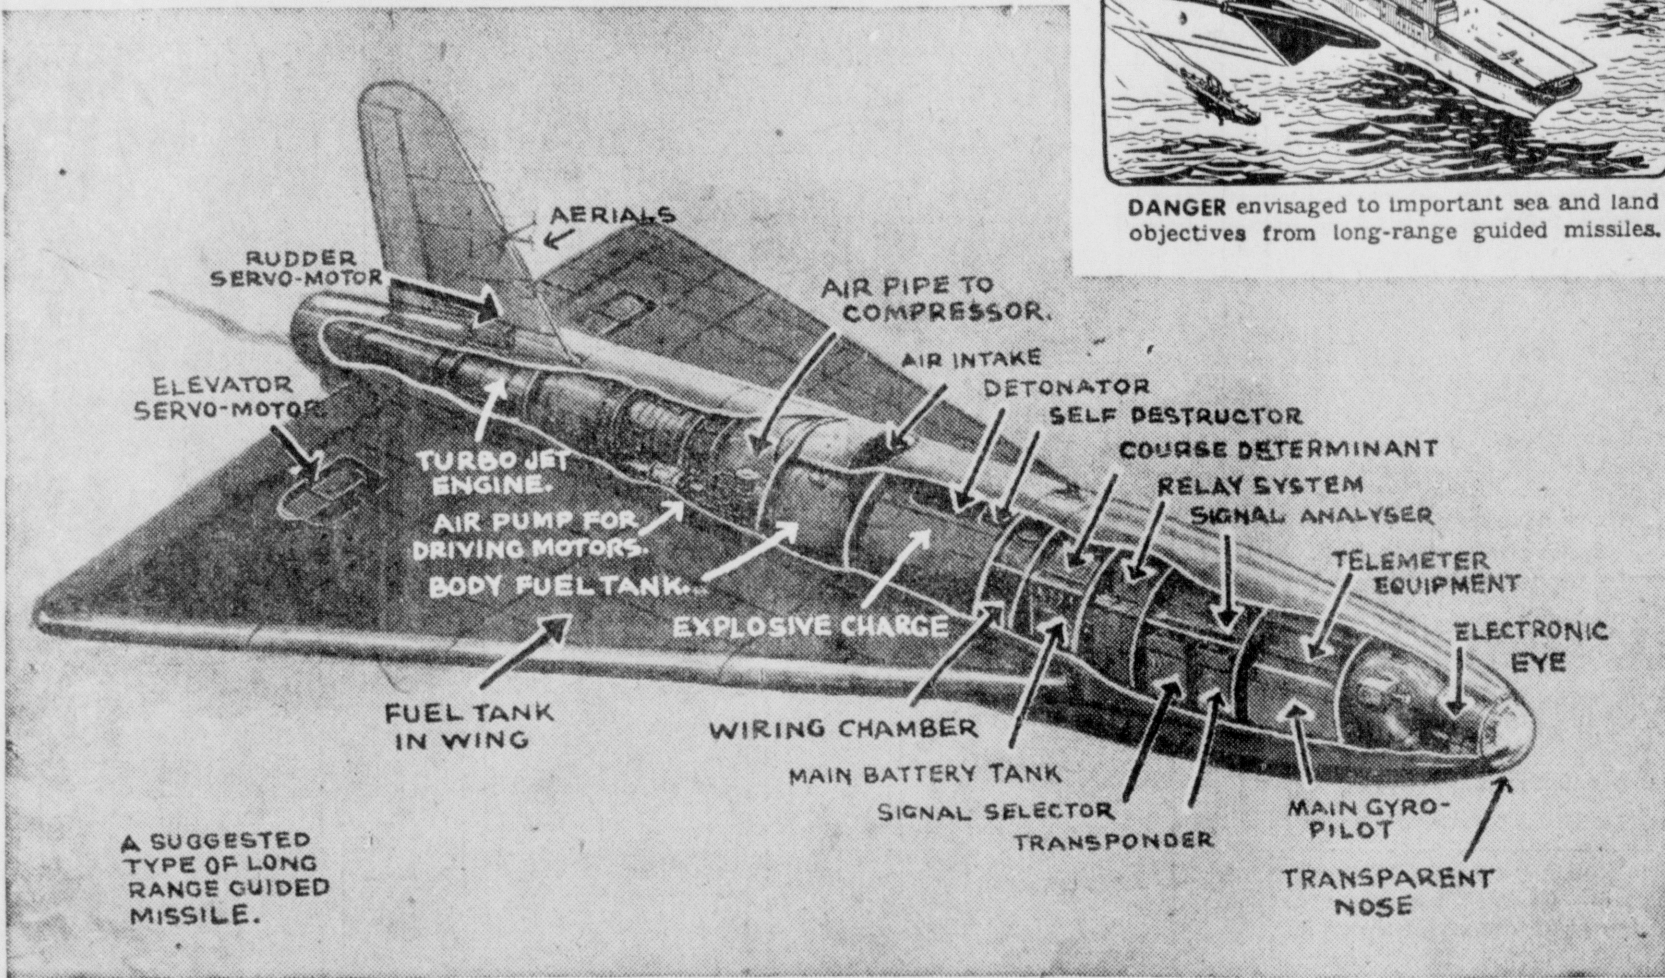

CONTROLLER is stationed in aircraft, ship or miles from target.

AFTER a statement by Duncan Sandys, minister of supply, in reference to Britain's new 2,000-mph guided missile that can "home" on its target, the noted British artist, G. H. Davis, drew this illustration of a suggested long-range weapon. He shows in detail a missile in which the guiding principle is an electronic "eye" that steers it through space to its target. An expendable type turbo-jet motor gives it long range.

Many problems face the scientists working on the missile, for not only must they devise methods of guiding and controlling the destroyer, but it must also be able to strike comparatively small targets, avoid attacking "friendly" targets, and finally must have some means of self-destruction in the air should it by any chance miss its objective when in flight over territory temporarily occupied by the enemy. SAN FRANCISCO (AP)—Carl Ross, alias Carl Edwin Rasi, 40, one of five accused Communists arrested in August on charges of hiding fugitive Red leader George Robert Thompson in a Sierra Nevada cabin hideout, Thursday was released on \$10,000 bail.

The bond was posted in the name of Meridel LeSueur, of Minneapolis, Minn., whom Ross described as "an old friend" and an author. The FBI said he formerly was a Communist party functionary in the Minnesota area.

## November Draft Call To Be 1,090

COLUMBUS (AP)—State Selective Service Director Col. Chester W. Goble has issued the Ohio November draft call for 1,090 20-year-olds.

Col. Goble said he felt there were enough 20-year-olds to fill the quota for November. At one time Ohio draft boards were reaching into the 19-year, 9-month group to fill quotas, he commented.

The November call by counties includes: Clinton 2, Fayette 2, Hocking 2, Pickaway 3, Van Wert 4.

## Cost Of Operating County Governments Continues Up

COLUMBUS (AP)—Despite "boom" times Ohio's 88 counties find that (a) relief is still the biggest item, (b) debts hit a 10-year high last year, (c) revenues jumped sharply and (d) 39 counties have managed to keep the red ink off their books.

These facts came from State Auditor James A. Rhodes. Rhodes noted total cost of operations, maintenance and interest in the state's 88 courthouses in 1952 was \$159,320,909. That breakdown was this: Charities and relief, \$53,995,712; highways and bridges \$35,734,864; health, \$13,127,969; general executive expense, \$11,822,449; judicial, \$9,754,014; protection to persons and property, \$7,590,947; elections, \$6,192,142.

Cost of county government has increased more than 42 million dollars in five years, Rhodes said, but revenue has outpaced expenses.

## PUCO Cracks Down On Buses In Ohio

COLUMBUS (AP)—The Public Utilities Commission of Ohio has served notice it will not tolerate law violations by bus operators from neighboring states.

That warning came after the arrest of a bus driver in Trumbull County for carrying on intrastate operations in Ohio without commission authority, and without Ohio license plates.

The driver, Chester Bartlett of Sharon, Pa., working for Bortner Charter Service of Sharpsville, Pa., pleaded guilty in the Burghill justice of the peace court and was fined a total of \$525 and costs. His bus was impounded until all fines are paid and Ohio license plates purchased.

## GI Surrenders In \$1,100 Theft

PORTSMOUTH (AP)—An Air Force sergeant, who spent hours in bars and movie theaters trying to suppress his conscience, has surrendered to authorities and confessed stealing \$1,100 from an Air Force base book store.

Sheriff Earl E. Justice said today S. Sgt. Virgil W. Brull, 29, of Two Rivers, Wis., hailed a deputy sheriff on a Portsmouth street and turned himself in.

Sheriff Justice said Brull told him he took the money from a book store safe at Chanute Air Force base at Rantoul, Ill., where he worked. He told Justice he took the money to pay off gambling debts, then decided to go absent without leave Sept. 30.

## District UC Office To Have New Setup

Pickaway County residents are notified of a change in local arrangements for the filing of unemployment compensation claims. Columbus offices of the Bureau of Unemployment Compensation announced the office here on S. Pickaway St. is being closed.

Officials of the bureau said claims from this county, beginning next Friday, may be filed in Circleville City Council chamber on Friday of each week. Weekly itinerant service will be provided by the Columbus branch of the bureau. Local manager is Earle C. Duncan.

A bureau representative will be available each Friday from 9 a. m. to 3:30 p. m. in City Hall.

## Patrolmen Frown On Rural Hayrides

COLUMBUS (AP)—You can go on a hay-ride this fall if you want to, but the State Highway Patrol advises against it.

It's too dangerous on dark roads, said Capt. E. W. Unkle yesterday, and "many times those on hayrides become so enthusiastic they forget safety precautions." He said the patrol would arrest drivers of improperly lighted wagons.

### State Agency Finds Complaints Roll In In Large Quantities

Editor's Note: Following is another in a series of articles telling the functions of the Public Utilities Commission of Ohio.

COLUMBUS, Ohio (AP)—One of the toughest jobs the revitalized state utilities commission has tackled is that of keeping up with telephone service complaints.

All problems haven't been solved but the commission says the independent telephone companies either have agreed or have been ordered to make about 20 million dollars worth of improvements.

The commission about 18 months ago revamped its setup to better handle its workload which multiplied after World War I. The telephone service complaint program illustrates what the commission has been able to do in gearing its services current demands.

Independent telephone companies numbering about 175 serve about 20 per cent of all Ohio phone subscribers. Their lines are spread over about 80 per cent of the state.

"With the doubling and tripling of the demands for service," said Commissioner Ray Martin, "Many independent companies could not supply service to new subscribers and their existing service was not what it should have been. That brought on a deluge of complaints from persons who wanted telephones and those not satisfied with service they were getting."

Before the deluge one engineer could handle all complaints, usually by correspondence. When complaints came in by the hundreds, the commission divided the state into five telephone zones, stationing a resident engineer in each. Here's what happens now:

The engineer inspects lines and plant equipment of each company in his area. He also tests service offered. If he can't settle a complaint himself, he refers it to the commission. Then follow conferences between the commission and the company — and a solution usually is worked out.

"But if the company unreasonably refuses to make a needed improvement," Martin said, "then our engineers' recommendations form the basis for an order requiring the company to make the installation."

Commission telephone engineers, with the help of engineers temporarily drafted from other duties, have inspected all independent telephone company exchanges in Ohio, now they're making a second inspection.

The commission says the 20 million dollars in improvements that have resulted so far help bring closer the ultimate goal of excellent service to the public.

"The demand for service still is far in excess of the supply of the industry as a whole," Martin said. "Until the capacity catches up with the demand still more capital improvements and additions must be made."

"The independent telephone industry has done a great deal in the way of voluntary investment in plant equipment in the last five years. However, there still remains much to be done."

The commission thinks part of the solution of the telephone service problem lies in consolidations and mergers of companies when financially and geographically possible. As Martin expresses it:

"We feel the telephone industry by its very nature generally speak-

## Strong Backing Looms Here For State School Board Plan

Administrative officials and teachers of Circleville's city school system appeared to offer a united front Saturday in support of a proposal to set up a state board of education.

The campaign, launched statewide, moved into full gear here last Thursday night at a meeting of the city Parent-Teacher Association. Superintendent of City Schools George Hartman told the gathering he favors the plan, and the local PTA unit later endorsed it.

When they look over their ballots at the Nov. 3 election, voters will find the plan embodied in the second of several proposed amendments to the state constitution. The proposal, consequently, has become widely known as the "Amendment No. 2 plan."

Spokesmen for its supporters

here have listed six reasons "why a state board of education . . . means better schools for Ohio." They claim Amendment No. 2 would:

"1. GIVE THE people a voice in statewide school matters just like they have now in their local schools

"2. Protect local schools against state interference and guarantee fair treatment.

"3. Permit long term planning for Ohio school improvements.

"4. Not require increased taxes.

"5. Give to the state director of education the same help on state matters which local school boards give their superintendents.

"6. Put Ohio's public school system on a non-partisan basis, like our court system and state universities."

If approved by the voters, the state board of education would operate the Ohio department of education. The state director of education would be selected by the board. And the legislature would decide details as to the selection of board members and the size of that body.

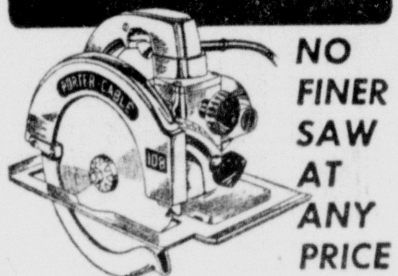

It has been pointed out that all but four of the 48 states have state boards of education.

## Court Padlocks Gambling Spot

CANTON (AP)—Common Pleas Court ruled yesterday that Cal's Place could keep its telegraph ticker service and then a few hours later ordered the spot padlocked.

The city contends the place is used for gambling and earlier had revoked its soft drink license and disconnected its telephones.
